## Lifelong Learning Programme

### PARENT EDUCATION SURVEY

This survey is prepared within the project "European dimension of Parent Education" (EDIPE), which aims to enhance the knowledge and skills of the partner organizations from Greece, Estonia, Latvia and Slovenia necessary for successful education of parents. The collected data will be used to analyse the present needs of parents' education and the available programmes as well as sources for them.

In this sense, we would like you to fill in the survey which is given below. You do not have to write your names on the form. For the success of the project, it is very important that you read the questions carefully and mark the answers which reflect you best. Thank you for your kind participation and contribution.
